Lowe Syndrome Trust
“Care today ... cure tomorrow”

The Lowe Syndrome Trust is a small voluntary charity formed in June 2000 to raise funding for medical research into the incurable children's disease called Lowe Syndrome. This is a gene disorder affecting thousands of little boys worldwide with multiple physical and mental handicaps including cataracts (blind or partially sighted), stunted growth, poor muscle tone (some never walk), rickets, arthritis, kidney wasting and mental impairment. Sadly life expectancy is short. The disease has no UK government support or funding.

Raise £1100 or more for the Lowe Syndrome Trust and we will give you your return flight and race entry free!

Raise £1600 or more and get return flight, race entry and three nights accommodation absolutely free!

PLUS a super weekend break in Spain for the top fundraiser for the Trust!

Your race entry fee includes the following: Enjoy the following benefits:

- Training advice from when you sign up.
- Training day in London in September (provisionally Sept 11).
- Group run in Central Park with London marathon winner Mike Gratton (Friday before the race).
- First class hotel, Virgin Atlantic flights and all transfers (off specific flights)• The staff of Runner's World at the hotel in New York to answer your questions. • Ticket for the official bus to the start (runners only)
- Entrance to the Marathon Expo
- Race t-shirt & poster• Entry to the International Breakfast Run
- Pasta Party
