

La Pigalle Christmas Party December 2008

"A CHRISTMAS SOUL" - LOWE CLARITY ALBUM

The album "A Christmas Soul" was recorded and produced by the AM BAND with a sole purpose to raise funds to support medical research into Lowe Syndrome, an incurable children's disease which affects the brain, eyes, kidneys, bones and muscles. Sadly, life expectancy is short. The Lowe Syndrome Trust is a very small voluntary charity with no support from the UK Government. The charity is now regarded as the main fund raiser in the world for medical research.

**The AM Band presents
A CHRISTMAS SOUL.**
